

Dear Parents

You will find, on the school web site, the necessary forms for your child to have their medications in school for the year 2021-2022. Medications **MUST** have a pharmacy label even if **OVER THE COUNTER** such as Tylenol. They also must be in a **Ziplock bag** with your child's name and grade

This includes Epi-pen, Benadryl, asthma inhalers and nebulizer treatments, over the counter medications and any medications to have on hand in our office. Benadryl is on the cough drop form as is the over-the-counter meds

Please print out the appropriate form pertaining to your child's medications and have your doctor fill them out for September

You can email them to us at [t.hansen1@att.net](mailto:t.hansen1@att.net) or [lmancanka@ascabayonne.org](mailto:lmancanka@ascabayonne.org) or send them in with the medications on the first day of school

If you have any questions, email us at the address

STAY SAFE, STAY WELL

Sincerely,

Lorraine and Lorie
